

Both plans include an annual tune-up to prevent breakdowns and reduce your energy bills.

15-Point Annual Tune-Up

1. Clean burners and inspect heat exchanger
2. Clean and adjust thermostat
3. Lubricate all motors, bearings, fans and circulators
4. Clean and adjust pilot assembly
5. Drain expansion tank or install air filters, clean or replace with standard disposable fiberglass filter
6. Test and adjust pressure regulator
7. Test and adjust operation of safety and operating controls
8. Inspect flue pipe and draft diverter
9. Monitor for combustion leaks
10. Test gas valve operation
11. Check blower motor (and belt if applicable)
12. Test and tighten all wiring and connections
13. Adjust burner for maximum efficiency
14. Turn exposed dampers to heating position if marked
15. Inform customer of equipment condition; recommend repairs when necessary and conservation measures to save money; **no hard sell** on replacement or repair

**Call for pricing
on coverage for:**

**additional heating/cooling units
water treatment systems
IAQ equipment
plumbing**

Loyalty Credits

For each consecutive year you are enrolled in our **Ultra Plan** or **Priority Plan**, you earn **\$50** in Loyalty Credits. You can accumulate up to **\$700** in credits and apply them to the following equipment purchased from us.

<i>boiler</i>	\$500
<i>furnace</i>	\$350
<i>a/c system</i>	\$350
<i>water heater</i>	\$75
<i>humidifier/air cleaner</i>	\$100

natural gas systems

Gas Priority Plan

- annual tune-up
- 15% off repairs
- 50% off diagnostic fee

**Great
Discounts!**

Gas Ultra Plan

- annual tune-up
- no charge for repairs*
- priority service for no-heat emergencies
- no diagnostic fee
- no after-hours charge for no-heat emergencies

**No-Cost
Repairs!**

*Rucci will repair or replace, during the life of this agreement, at no extra charge, all parts listed inside that may become defective due to normal use or wear and tear. Coverage valid for a system's existing parts only.

Covered Repairs for Ultra Plan

15% discount
on parts not listed

CONTROLS

- aquastats
- blower fan control
- blower limit control
- circuit breaker
- circulator control
- combination control
- electronic ignition control
- emergency switch
- high limit control
- Honeywell Pro-4000 thermostat*
- low limit control
- reverse aquastat
- thermostat (manual)
- triple aquastat

Over 75 Parts Covered!

WARM AIR SYSTEMS

- air filter**
- blower bearings
- blower belt
- blower circuit board
- blower complete
- blower motor
- blower motor capacitor
- blower pulley
- blower shaft
- blower wheel

HOT WATER/STEAM SYSTEM

- air scoop
- air vents
- electronic water feeder
- baffle
- balance valves
- check valves
- circulator complete*
- circulator coupling
- circulator flanges
- circulator impeller
- circulator motor
- circulator motor mounts
- circulator switch
- circulator wicking
- dual valve expansion tank
- Extrol tank (#15 of #30)
- feed & flow valves
- gate valves
- glass gauge
- glass gauge globe valve
- glass gauge washer
- electronic low-water cutoff
- mixing valves
- pop safety valve
- pressure reducing valve
- purge valve
- Trol-A-Temp
- temperature gauge
- zone valve complete (1/2"-3/4")
- zone valve motor
- zone valve relay
- zone valve stem

GAS BURNER PARTS

- burner orifice
- burner tubes
- flame sensor
- gas stop valve
- gas valve
- ignition leads
- low voltage transformer
- pilot assembly
- pilot burner
- pilot orifice
- pilot valve
- pressure regulator
- pressure switch
- thermocouple

OTHER

- backflow preventer (1/2" only)
- barometric dampers (up to 9")
- bleeding radiators
- diaphragm assembly
- flue pipe (up to 9")
- humidifier motor*
- humidifier pad*
- humidifier fan*
- humidistat*
- purging zones†
- spark plug
- water temperature gauge

* Or equivalent

** One set per year during cleaning

† \$25.00 per additional zone

Oil- or Gas-fired Water Heater Plan

Our water heater service plans cover labor and most components of your water heater, at **no additional charge** with the Ultra Water Heater Plan and a **15% repair discount** with the Priority Water Heater Plan.

COVERED PARTS

- | | | | | |
|----------------|---|--------------------|------------------------|-----------------------|
| ■ aquastat | ■ controls | ■ emergency switch | ■ fuel pump | ■ primary control |
| ■ burner motor | ■ draft regulator | ■ fuel filter | ■ ignition transformer | ■ relief valve |
| ■ burner parts | ■ elbow pipe (1) or flue pipe (1-2 ft.) | ■ flue pipe | ■ nozzle | ■ temperature control |

COVERED SERVICES

- annual burner tune-up

Tank leaks are not covered under this plan.

Terms & Conditions

1. A heating system tune-up will be performed once during the service plan term, during regular working hours (7:30 a.m. to 4:30 p.m., Monday through Friday) as scheduled by our service department. Rucci is not responsible for performing the tune-up if we are unable to contact the customer during normal working hours. All heating tune-ups must be scheduled between April and September. Thereafter, an additional fee of \$30 shall be applied, except for new service plan customers.
2. Any labor and/or parts billed prior to acceptance of this agreement cannot be credited. Repairs required to correct pre-existing conditions are not covered by the plan and will be charged at the company's normal rates.
3. Rucci reserves the right to reject any service plan after inspection of the customer's heating system.
4. Only personnel of Rucci may work on the system covered by this agreement, or the agreement shall be deemed null and void, effective immediately. The unused portion of the agreement shall not be credited.
5. This agreement is not written on a pro rata basis and no refund will be made if it is cancelled by the customer prior to its normal expiration date or if other terms of this agreement are not met. In the event the customer's house is sold, the unused portion of the contract may be transferred to the new homeowner at the sole discretion of Rucci.
6. Hot water coils, combustion chambers, zone dampers, zone control boards and power venters are excluded from this agreement.
7. This agreement does not cover parts or labor when failure is due to vacant or unattended premises; blown or loose fuses; emergency switch in the "off" position; thermostat set too low to call for heat or too high to call for cooling.
8. Rucci shall not be held liable for the inability to supply or obtain obsolete parts not available through regular sources of supply.
9. This agreement does not cover service or replacement parts due to customer breakage, acts of nature, fire damage, flooding, freezing, explosions or other causes beyond the control of Rucci.
10. It is agreed that if any tax or other charges are imposed by any governmental authority with respect to the sale, delivery or disposal of the products covered hereby, it will be added to the price to be paid by the buyer. A finance charge of 1.5% per month, for an annual percentage rate of 18%, is charged on items not paid 30 days from statement date. Service plans are not in force if account is 60 days overdue.
11. Rucci shall not be held responsible for damage or resulting losses if the fulfillment of the agreement shall be delayed or prevented by wars, acts of enemies, strikes, inability to secure technicians, parts, material or transportation or by any other condition not reasonably within its control.
12. The length of this agreement is one year and the agreement will be automatically renewed each year at the prevailing rate unless we are notified of cancellation in writing 30 days prior.
13. This is the entire plan. This plan cancels and supersedes all prior plans.
14. The service plan includes only the repair and replacement of parts specifically listed herein that are defective due to ordinary use or wear and tear based on the judgment of Rucci. Rucci is not liable for frozen pipes and/or damage to contents of a house with frozen pipes that are due to a defective part.
15. Parts coverage will begin 21 days from the date that payment is received (new contracts only).

PLEASE KEEP FOR YOUR RECORDS
