

Both plans include an annual tune-up to prevent breakdowns and reduce your energy bills.

15-Point Annual Tune-Up

A tune-up will be performed once during the service agreement term during regular working hours. Please call to schedule.

The tune-up includes the following:

1. Clean heating unit, flue pipe and chimney base
2. Adjust burner for maximum efficiency
3. Clean and adjust electrode and nozzle assembly
4. Lubricate all motors, bearings, fans and circulators
5. Replace oil nozzle and oil filter
6. Test and adjust all safety and operating controls
7. Inspect flue pipe, barometric damper and combustion chamber
8. Test oil pump operation
9. Change air filters (customer must provide)
10. Check oil tank and lines
11. Clean pump strainer
12. Perform efficiency test
13. Drain expansion tank, if necessary
14. Inform customer of equipment condition
15. Inform customer of equipment condition; recommend repairs when necessary and conservation measures to save money; **no hard sell** on replacement or repair

Call for pricing on coverage for:

additional heating/cooling units
water treatment systems
IAQ equipment
plumbing

Loyalty Credits

For each consecutive year you are enrolled in our **Ultra Plan** or **Priority Plan**, you earn **\$50** in Loyalty Credits. You can accumulate up to **\$700** in credits and apply them to the following equipment purchased from us.

boiler	\$500
furnace	\$350
a/c system	\$350
water heater	\$75
humidifier/air cleaner	\$100

heating oil systems

Oil Priority Plan

- annual tune-up
- 15% off repairs
- 50% off diagnostic fee

Great Discounts!

Oil Ultra Plan

- annual tune-up
- no charge for repairs*
- priority service for no-heat emergencies
- no diagnostic fee
- no after-hours charge for no-heat emergencies

No-Cost Repairs!

*Rucci will repair or replace, during the life of this agreement, at no extra charge, all parts listed inside that may become defective due to normal use or wear and tear. Coverage valid for a system's existing parts only.

Covered Repairs for Ultra Plan

**15% discount
on parts not listed**

CONTROLS

- aquastat
- blower circuit board
- burner mount relay
- cad cell control
- circulatory relay
- combination control
- double aquastat
- draft regulator (up to 9")
- emergency switch
- fuses
- high limit control
- Honeywell Pro-4000 thermostat†
- hydraulic jack
- low limit control
- pressuretrol
- primary control
- reverse aquastat
- single aquastat
- thermostat (manual)
- toggle switches
- triple aquastat

WARM AIR SYSTEMS

- air diffuser
- air filter**
- air regulator
- blower belt
- blower circuit board
- blower motor (up to 1/3 hp)
- burner mount relay
- fan and limit control
- limit control (complete)
- power vent motor

HOT WATER/STEAM SYSTEM

- automatic air vents
- electronic water feeder
- baffle
- circulator bearing assembly
- circulator coupling
- circulator flanges
- circulator gasket

**Over 110
Parts Covered!**

- circulator impeller
- circulator motor
- circulator motor mounts
- circulator wicking
- complete circulator
- dual valve
- Extrol tank (#15 of #30)
- gate valves
- gauge glass
- glass gauge washer
- globe valve
- low voltage transformer
- electronic low-water cutoff
- pop safety valve
- pressure reducing valve
- relief safety valve (3/4")
- zone valve complete (1/2"-3/4")
- zone valve power head (1/2"-3/4")

OIL BURNER PARTS

- air shutter
- air stabilizer
- burner air tube
- burner capacitor
- burner coupling
- burner fan
- burner flange gasket
- burner housing assembly
- burner master control
- burner motor
- burner porcelains
- buss bar leads
- cad cell assembly
- cad cell eye
- delayed oil valve coil
- electrodes
- electrode assembly
- end cone
- ignition leads
- ignition transformer
- ignition transformer gaskets
- ignition wiring
- low voltage transformer
- nozzle
- nozzle adapter
- nozzle line
- oil burner pedestal (Carlin, Beckett)
- oil burner flange
- oil burner deaerator
- solenoid coil
- solenoid valve
- turbulator

FUEL SUPPLY PARTS

- Firromatic valve
- flare fittings
- fuel filter cartridge
- fuel pump
- fuel pump bleeder
- fuel pump couplings
- fuel pump gasket
- fuel pump needle valve
- fuel pump seal
- fuel pump strainer
- oil line fittings
- oil line valve

OTHER

- backflow preventer (1/2" only)
- bleeding radiators
- fill cap
- flue pipe (up to 9")
- humidifier motor†
- humidifier pad†
- oil line (exposed)
- oil tank vent alarm
- pressure gauge
- tank gauge (for 275-gallon aboveground tanks)
- vacuum gauge
- vent cap
- water temperature gauge

* One standard disposable set per year during tune-up

** One per year provided during the scheduled annual tune-up † or equivalent

Oil- or Gas-fired Water Heater Plan

Our water heater service plans cover labor and most components of your water heater, at **no additional charge** with the Ultra Water Heater Plan and a **15% repair discount** with the Priority Water Heater Plan.

COVERED PARTS

- | | | | | |
|----------------|---|--------------------|------------------------|-----------------------|
| ■ aquastat | ■ controls | ■ emergency switch | ■ fuel pump | ■ primary control |
| ■ burner motor | ■ draft regulator | ■ fuel filter | ■ ignition transformer | ■ relief valve |
| ■ burner parts | ■ elbow pipe (1) or flue pipe (1-2 ft.) | ■ flue pipe | ■ nozzle | ■ temperature control |

COVERED SERVICES

- annual burner tune-up

Tank leaks are not covered under this plan.

Terms & Conditions

1. Oil service plans are available only to fuel customers who are on automatic delivery. A customer must have an account in good standing and purchase a minimum of 600 gallons of fuel per year in order to qualify for a service plan. The price quoted is for an ordinary residential or a comparable size, semicommercial system with a firing rate of up to 2 gallons per hour.
2. Rucci's responsibility under a service plan will automatically cease if heating oil or service on any parts or equipment covered by the plan is procured from another source.
3. A heating system tune-up will be performed once during the service plan term, during regular working hours (7:30 a.m. to 4:30 p.m., Monday through Friday) as scheduled by our service department. Rucci is not responsible for performing the tune-up if we are unable to contact the customer during normal working hours. All tune-ups must be scheduled between April and September. Thereafter, an additional fee of \$30 shall be applied, except for new service plan customers.
4. Any labor and/or parts billed prior to acceptance of this agreement cannot be credited. Repairs required to correct pre-existing conditions are not covered by the plan and will be charged at the company's normal rates.
5. Rucci reserves the right to reject any service plan after inspection of the customer's heating system.
6. Each heating system must have an oil filter installed on the oil suction line before commencement of the agreement.
7. This agreement is not written on a pro rata basis and no refund will be made if it is cancelled by the customer prior to its normal expiration date or if other terms of this agreement are not met. In the event the customer's house is sold, the unused portion of the contract may be transferred to the new homeowner at the sole discretion of Rucci. If the customer elects to pay for a service plan as part of a budget plan and then chooses to cancel the service plan or discontinue payments, the full amount outstanding shall accelerate and become due and owing.
8. Hot water coils, combustion chambers, oil tanks, oil lines, zone dampers, zone control boards and power venters are excluded from this agreement.
9. This agreement does not cover parts or labor when failure is due to vacant or unattended premises; blown or loose fuses; emergency switch in the "off" position; thermostat set too low to call for heat; lack of oil when delivery has been delayed due to delinquency in payment for oil.
10. Rucci shall not be held liable for the inability to supply or obtain obsolete parts not available through regular sources of supply.
11. Rucci is not responsible for the condition of the oil storage tank, its components or the accumulation of sludge, sediment, bacteria or water. Service calls related to the condition of the storage tank are not covered under this agreement.
12. This agreement does not cover service or replacement parts due to customer breakage, acts of nature, fire damage, flooding, freezing, explosions or other causes beyond the control of Rucci.
13. It is agreed that if any tax or other charges are imposed by any governmental authority with respect to the sale, delivery or disposal of the products covered hereby, it will be added to the price to be paid by the buyer. A finance charge of 1.5% per month, for an annual percentage rate of 18%, is charged on items not paid 30 days from statement date. Service plans are not in force if account is 60 days overdue.
14. Rucci shall not be held responsible for damage or resulting losses if fulfillment of the agreement shall be delayed or prevented by wars; acts of enemies; strikes; inability to secure technicians, parts, material or transportation; or by any other condition not reasonably within its control.
15. The length of this agreement is one year and will be automatically renewed each year at the prevailing rate unless we are notified of cancellation in writing 30 days prior.
16. This is the entire plan. This plan cancels and supersedes all prior plans.
17. The service plan includes only the repair and replacement of parts specifically listed herein that are defective due to ordinary use or wear and tear based on the judgment of Rucci. Rucci is not liable for frozen pipes and/or damage to contents of a house with frozen pipes that are due to a defective part.
18. Parts coverage will begin 21 days from the date that payment is received (new contracts only).

PLEASE KEEP FOR YOUR RECORDS
